

Lab Rotation Form for 16:682:611/612/613

Laboratory Rotations: Students should contact three different Microbial Biology faculty members and arrange research rotations. <http://www.microbiology.rutgers.edu/faculty.html>

The Lab Rotation dates in 2023-24 are:

| Course | Starting Date | Finish Date | Report Due |
|--------|--------------------------|--------------------------|-------------|
| 611 | September 18 | November 10 | November 17 |
| 612 | November 13 January 2 | December 8 January 26 | February 3 |
| 613 | January 29 | March 29 | April 5 |

All rotations are 8 weeks long

612 includes a three week break for final exams and the holidays

613 includes a week off for Spring Break

If you work over the holidays and during Spring Break for your second and third rotations you will have more time to complete a research project and get a better sense of the research goals of that laboratory.

Please fill out the Rotation Form prior to the start of each rotation, and return a signed copy to Ms. Lindsay Vasy (Lipman Hall 223A or lindsay.vasy@rutgers.edu). Electronically signed and emailed applications are encouraged. Immediately following each lab rotation a written report should be submitted by email to Gerben Zylstra (zylstra@sebs.rutgers.edu). The written report should summarize the research performed for the rotation: background, specific aims/hypotheses, results, and discussion. The report should be approximately one page of single spaced text.

Student Name: _____

Email: _____

Lab Rotation: 16:682:611 16:682:612 16:682:613

Name of Professor in whose laboratory you will be rotating: _____

Location of Laboratory: _____

Lab Telephone: _____

Signature of Approval by Professor: _____
